To whom it may concern,

Butch and Jo have been strong supporters in the Methven Area for many years. Over the years in Methven both have developed a strong community interest and have also placed support back into our region.

Both Butch and Jo have a proven track record in the tourism industry which before they took on the accommodation sector they owned a successful restaurant in Methven. And currently they both have a high presence on our Ski Area Mt Hutt due to the knowledge they both have in the ski industry and on the mountain.

The can do and inspiring attitude they both have towards the tourism sector is a stand out in the reflection of the business they both own and run. Both Butch and Jo are a benefit to the region and the their district.

Yours truly,

James Urquhart  
General Manager Customer Services and Sales  
Mt Hutt Ski Area  
Methven  
New Zealand.
